Subject: Retirement Status of Unvouchered Personnel

1. Enclosed herewith is proposed CIG Memorandum concerning the retirement status of persons employed on Unvouchered Funds. The Memorandum was drafted after discussions of the matter with the Civil Service Commission and the General Accounting Office.

2. Procedures have been discussed to permit a secure method of depositing deductions from employees' salaries to the retirement fund. The question of requiring compulsory deductions from all employees on Unvouchered Funds who are within the purview of the Retirement Act was considered at length. ADSO has concurred in the proposal to require compulsory deductions in all applicable cases. Concurrences from various interested sections have been obtained on the reverse of the Memorandum.
